Volunteer Activities

Include some fun volunteer activities. Join Hewlett-Packard/Agilent Retiree Volunteers (HPARV) and help make a difference in your community. If you can spare an hour, a day, or more, HPARV is just for you. Experience new challenges, teamwork with fellow retirees and former co-workers -- plus make new friends and share the pride of accomplishment.

Done-in-a-Day Projects:

Throughout the year, HPARV sponsors special projects that only take a day of your time or just several hours. These "Done-in-a-Day" projects only require a one-time commitment and are perfect for people who can't commit time on an ongoing basis. Some examples of organizations where we've done a volunteer project include: Second Harvest Food Bank, Family Giving Tree and Job Train. Watch for information about these projects in the Bay Area HPREC News. If you are not a member of HPREC, you can contact the HPARV office and request that the volunteer page of the bi-monthly HPREC News be sent to you.

There is a volunteer opportunity for everyone no matter how much or how little time you have to offer. All you have to do is e-mail us or call us to get more information. Phone: (650) 857-2410
Please leave a message, and a volunteer will return your call. E-mail:
